Comments	<input type="text" value="It is difficult to evaluate this large application. There are two site maps and the second shows three buildings on the east side which have not been apparent before. I thought another lodge house had been refused and two more building in green belt are not appropriate. To repeat there is no reason to build a lodge house. There has never been a second one and it is all within the green belt. In addition these proposals would make the whole site much bulkier and spoil a green belt site."/>
