Comments	<input type="text" value="The position and access to this site is not suitable for transporting large pieces of plant equipment. This has been demonstrated by large pieces of plant being loaded/unloaded in Burrowfield outside my house. I also frequently observe large HGV,s and low loaders reversing into southfield and am surprised an accident has not already happened. in addition there are already a large number of businesses creating large volumes of heavy traffic in Burrowfield with a constant steam of skip lorries cement trucks and other assorted HGV,s. from 7am until 7pm. The last thing needed is another heavy industry moving into the area."/>
