Comments	<p>Dear Sir/Madam, I wish to raise an objection to the proposed 2 storey rear extension, I am the next door property and the 2 storey extension will block out light from my bedroom side window, I can currently see through to flamingo close from this window. by erecting a 2 storey extension all I will see is a brick wall. Thus also blocking daylight to the front of my property, driveway and my bedroom. I have no objection to the single storey extension that planning was granted for originally. Please take these considerations into account when forming your decision. If you need to see the views from the bedroom window, I have attached a photo for you. yours sincerely [REDACTED]</p>
