Comments	<p>The revenue generated by this small development will help Brookmans Park Golf Club revise their historic clubhouse to be able to offer function facilities to local groups and provide an ideal venue for weddings, christenings and other social events both large and small for residents of Brookmans Park and surrounding areas. It will also allow the club to build a state of the art hi-tech practice facility (planning permission already received) not only for its members but for all golfers locally, especially for children and young people wanting to learn how to play golf. This development will in no way affect the spectacular views across the golf course which was opened in 1931 on the grounds of the estate which was previously laid out in the 18th century by one of England's greatest landscape designers, [REDACTED]</p>
