Comments	<p>I write in support of the above referenced planning application. It will provide additional dwellings that will, no doubt, go some way to help current housing shortages with a mixture of type and sizes that cover a wide range of needs. I also note with interest and support the principles of the development described in the application, which are to invest in securing the future of the Golf Club, which is a key local amenity and will add to and enhance its facilities no doubt maintaining and creating local jobs.</p>
