Subject: OBJECTION - 6/2023/1221

You don't often get email from [REDACTED] [Learn why this is important](#)

**** WARNING: This email originated outside the WHBC Network. Please be extra vigilant when opening attachments or clicking links ****

The local community has been disrupted enough in the past few years by development for profit .

The local amenities including doctors surgery cannot support an influx of more 'traffic' both vehicular for parking or by persons .

Further more the residents are heavily paying the toll financially for the repair and maintenance of the unadopted roads adjoining planned development sites being damaged by the traffic of heavy goods vehicles (namely construction) orientated .

There is also a huge traffic issue when these proposed sites workforce block the flow in traffic for the local roads , also seeing an influx in opportunistic crime happening locally due to high value machinery and tooling on these sites along with perhaps unvetted work forces . There has been a huge spike also in the amount of litter in the streets during all development within the area .

The development of a small village purely for profit should consider both the financial and vitality of life for the pre existing residents of said area .

I strongly object to this planned development .

Kind Regards

[REDACTED]

Many thanks , Regards
