Comments	<p>I have read the planning application and would like to offer my support to the application. I think that the fact that the proposed properties to be constructed will be off the main road and away from other houses means that they will have little or no negative impact on any existing residents and therefore support the need for more housing in the area. The style of houses are also varied to support differing budgets and requirements. In addition, this is not merely a 'for profit' sale like most other developments because the funds will be used for much needed improvement to the golf club, particularly the clubhouse which is desperately needed and will be of benefit to the whole area who will be granted access for social and event use. As a key focal point of the area, an improved golf course and clubhouse significantly enhances the area for everyone.</p>
