<b>Comments</b>	I think this planning application will help the club expand its golfing expertise to kids and adult's alike, plus all the social activity it brings to the area, Brookmans Park Golf Club is already a pillar of the community but should the above go ahead it would benefit everybody even more than it already does, this is most important for the younger people coming through, plus also a fantastic venue for social events for everyone else, BPGC would only get better than it already is, which is crucial, vital & important for the area.
