<b>Comments</b>	<p>I am a member of BPGC and write to support the application as follows: 1) The plan for 14 dwellings on the Paddock site has been in the emerging local Welwyn and Hatfield plan for many years now, so all we are doing is making a planning application that was already in the council's housing plan. 2) The development of this area will enable the Club to renovate our clubhouse to provide a function facility to benefit the needs of the local community as well as the golf club. 3) It will also facilitate the development of world class practice facilities at the Club to enable more people young and old alike to get into golf. 4) To enable the club to continue to develop its environmental programme which has already seen it awarded the Queens Green Canopy Award for tree planting and a recent project of bee keeping to produce local honey at the club.</p>
