Comments	<p>I have reviewed the application in respect of outline planning for a small development of houses, and fully support the application. 1. First of all, the site layout appears to fit seamlessly into a well enclosed site, preserving a strong woodland boundary / is in keeping with the surrounding area. 2. The additional dwellings will help the current housing shortages and, the mixture of type and sizes appear to provide for a wide range of needs. 3. Last but not least, this plan is key to investment in securing the future of the Golf Club, a key local amenity, whilst adding to and enhancing the facilities available for all - including attracting the younger generation to the club, and others taking up the sport/moving from other clubs. This supports the local economy in maintaining and creating local jobs.</p>
