Comments	<p>I object to the proposed erection of 14 dwellings on Golf Club Road as the road is extremely narrow and is popular with walkers, children making their way to the tennis club and is a busy entrance for school children attending Chancellors School and the extra traffic from the builders and cars that would inevitably come with the development would pose a danger to these children and walkers. The development is purely for the benefit of the golf club and its members and of no benefit for the local community. Support for the application appears to come from those who neither live on Golf Club Road or near Golf Club Road and who will not be affected directly by the building works and traffic problems it will cause. Their support is principally focussed to the benefit of the Golf Club rather than the Village Community which will be heavily impacted by the building work, the additional housing, cars, traffic, pollution and extra strain on the local doctors surgery and local schools.</p>
