Comments	<p>I support this application as I know how many benefits it will provide to the local community. Housing demand remains strong as ever and lovely homes will be provided. The boost to the golf club and ability for them to better an already integral part of the local community is hugely exciting. People of all ages benefit and grow by having these facilities on their doorstep and by experiencing such a beautiful natural safe-haven for humans and wildlife alike. To ensure that the golf club can move with the times and offer the best in all aspects will mean that a strong and vibrant membership can enjoy this corner of our world for decades to come, something that I feel we could ill-afford to lose and cannot be taken for granted in this social and economic climate.</p>
