Comments	<p>I am writing in support of this application. As a facility for the village the golf club is incredibly important for golfers and non golfers alike. This development will help secure the club as well as supporting the need for additional housing in this area. The renovation of the clubhouse will provide a function facility to benefit the needs of the local community as well as the golf club. The development of world class practice facilities to enable more people young and old alike to get into golf. To enable the club to continue to develop its environmental programme which has already seen it awarded the Queens Green Canopy Award for tree planting and a recent project of bee keeping to produce local honey at the club. I fully support this application.</p>
