Comments	<p>Ridiculous proposal. The street is already jammed with extra traffic since the 6 were built. These haven't been finished in the time frame they were supposed to be. We have had power cuts due to the works being done, workmen traffic still causes issues and lorry's dropping have has caused major safety concerns already. The site is opposite a school the surplus of cars and people is just ridiculous. Our green areas are being taken over and crammed with squashed housing. Brookmans park is an area to avoid these issues hence the high prices these houses will affect our property value and become undesirable. Environmentally it's having a huge impact already. Family of deer and squirrels living in that field are all being affected. You're taking beautiful landscape and ruining it. The local village is already over run there are no parking spaces, no doctors appointments and no Nhs dentists locally due to the surplus of people. The position of housing is dangerous on cross road- no vision</p>
