Good afternoon Jessica,

Apologies I was not able to upload any comments to the planning application I have made some below if you could kindly copy them onto the application for me.

'We are a kerbside collection service on an ARRC scheme (alternate refuse & recycling). Each house would receive a set of 2 bins 1 x 180l refuse & 1 x 240l recycling plus a food waste caddy. We offer a chargeable garden waste scheme at £50.00 per annum and if residents opt in they will receive a brown bin for garden waste.

Bins are to be presented to the kerbside the evening prior to collection and retrieved again after servicing for storage on the property.

I note the refuse tracking diagram only shows entrance to plot 1-9, it will however, also have to access the road to plot 10-14 to service those bins as they will need to be presented at kerbside. Please show tracking diagram to reflect the ability of the freighter to access this turning.

Bins charged at £96.25 per dwelling'

Regards  
Lorraine
