<b>Comments</b>	<input type="text" value="I object to this, yet another, planning application from Chancellors school - we are seeing ad-hoc applications with no suggestion of a long term strategic plan nor the extent to which they want to expand the student population. I believe this is deliberate as the plan as a whole would undoubtedly be vetoed due to the nature and extent of the expansion of the school in a residential cul-de-sac which is already suffering from excess traffic, dangerous and inconsiderate parking and endangering the safety of both residents and those visiting the school. I also have major concerns about the planned windows on the 1st floor of the old gymnasium, the east elevation. In the winter when trees in the neighbouring gardens have shed leaves a number of houses are overlooked, albeit at some distance but this is an invasion of privacy &amp; will undoubtedly see an increase in noise pollution. There is already at times inconsiderate and excessive noise from the music rooms on that side of the school"/>
