Dear Mr Carter/Ms Ransome,

Whilst I have not received the letter with regards to the above planning application I received another letter today with regards to an application for development at the golf course and I was surprise to see this application for the school.

Having felt the effects on a daily basis of the last expansion, still unresolved after many years of lobbying from the local residents, I wanted to register my objection and concern.

Despite the legally binding travel plan that never materialised which was contingent to the school' previous expansion we still suffer from the daily congestion which was inevitable once the school was expanded.

How will our local planning office we mitigate or protect local residents from further expansion should the latest plans be approved?

Thank you,

[REDACTED]
