Good afternoon

I would like to add my objections to this proposed development-6/2023/2418/OUTLINE – Northaw Kennels.

The area is on green belt land and has remained grassland for sometime and benefits the area and its residents.

The Parish councils objective is to maintain the green belt for future generations, once its destroyed it will not return, this also applies to any other schemes as well.

It will have a detrimental effect on the habitats of wildlife in the area and to local people that use the lovely hook lane.

There are no bus routes here so a car is essential adding to our overcrowded roads.

150 retirement homes would increase the burden on existing medical services.

Kind regards
