Drawings

Drawing no.469(A)102 – ROOM LAYOUT PLAN

We note the details provided by this drawing. From the A4 version on the WHBC website, we are unable to determine any accurate measurements such as the width of the door at the principal point of entry. Could you kindly confirm this?

Could you also confirm there is level entry at the principal point of entry and the approaches from the car park are level and that the travel distance from the car park to the dwelling is no more than 40 metres.

With kind regards.

Yours sincerely
