Subject: RE: Change of Use from dwelling house (use class C3) to house in multiple occupation (use class 4) at 68 Walker Grove

Hi,

I would also like to strongly object to this change of use. I live at 11 Walker Grove, each year during the University terms we have had and continually encounter from students parking issues, noise issues, threats, rubbish issues etc which has caused my young family and I no amount of trouble.

If you grant this request you will leave me no alternative but to sell my house and move out of Hatfield.

Please could you let me know when the date of this hearing is so that I may attend.

Kind Regards

Dharm Tanna
