Comment Type: Object

Comment: I would like to raise my objection to this development. My wife and I currently live in a quiet cul-de-sac road with no off street parking available to us. We have seen a considerable increase in traffic parking in our road over the last few years, often leaving us with nowhere to park any where near our house. This is becoming more and more of an issue. If this development is to go ahead, can I please ask that you consider allowing us, as residents, a resident parking facility outside our house. (All other houses in the street have ample off street parking).
