Comment: Thank you for bringing this application to my notice. I know the area very well and have visited the site on numerous occasions. I have read the paperwork involved and studied the plans in detail and I am happy to say that any security issues that I may have had appear to have been addressed.

I would recommend that effective CCTV be added to the site to aid security whilst the facility is closed. It should not be prohibitively expensive to join into the existing network that covers the established parking areas.
