Application Number: N6/2012/1476/AD
Name: [REDACTED]
Address: 12 Moorside
Welwyn Garden City
Herts
AL7 4QH

Comment Type: Observation

Comment: I object to this installation as I believe it is contrary to the principles of the Garden City which was conceived as a green shelter from the big industrialised cities. It is ironic that other advertisements are turned down yet we now have a scheme for our roundabouts across the whole town. We have always had an embargo on advertisements and this has served our town well. So much so that it stands out from other towns. This will erode the culture and style of Welwyn Garden City which is unique and something which generates a lot of interest and appeal across the world. The Council should be protecting the principles of the Garden City which is held up as an example of urban design.

I also believe this additional clutter will affect road safety.

The scheme in toto is for 24 roundabouts and I feel this is unacceptable.

Finally I am not convinced these schemes are financially viable once all the on-costs have been included in the costings of such projects. I believe this is just another trend which Councils are following without any serious investigation of costs, dangers to drivers and overall benefits.
