3. No development shall take place until samples of materials to be used in the construction of the external surfaces of the building hereby permitted shall be submitted to and approved in writing by the local planning authority. REASONS FOR APPROVAL

The proposal has been considered against the National Planning Policy Framework, and Development Plan and local plan policies SD1, GBSP1, D1, D2, D9, R3, M14 & RA10 of the Welwyn Hatfield District Plan 2005, in addition to the Human Rights Act 1998, which, at the time of this decision indicate that the proposal should be approved. The decision has also been made taking into account, where practicable and appropriate the requirements of paragraphs 186-187 of the National Planning Policy Framework and material planning considerations do not justify a decision contrary to the development plan (see Officer's report which can be inspected at these offices).

INFORMATIVE:

Listed Building Consent granted under application S6/2012/2622/LB requires the submission of additional construction details and material samples for approval prior to the commencement of development works. A further application for the discharge of planning condition is therefore required for application S6/2012/2622/LB. The requirements of these conditions must be discharged in writing by the local planning authority before any development works granted by this application can commence.
