Dear Mark Peacock,

Application Reference: 6/2018/1635/OUTLINE

Proposed development at: Historic De Havilland Grass Runway Ellenbrook fields
Hatfield Buisness park

Apologies for my slow reply to the above outline planning application. I just wanted to make you aware that there is a requirement from a previous planning agreement, for the creation of a public bridleway across this site, plan below.

A number of other new permissive and public rights of way (restricted byway, bridleway and footpath) are also proposed or currently being implemented in this area, as per the Rights of Way Improvement Plan (ROWIP). Therefore the re-inclusion of these proposed public bridleways through the Ellenbrook fields must be included in any further planning applications.

Yours sincerely

Dawn Grocock
