### **Location**

Stanborough School  
Lemsford Lane  
Welwyn Garden City  
AL8 6YR

### **Application type**

Full application

### **Proposal**

Erection of new teaching block , replacement tarmac play areas and additional parking provision

### **Decision**

Other

This proposal consists of an additional teaching accommodation by construction of a new two-storey teaching block and an additional large space to meet the requirements for expansion to 8FE. The proposals also include improvements to external sports provision as well as internal conversions for specialist teaching.

No documents have been submitted to cover Transport implications arising from the development, although the Design and Access statement refers to Pell Frischman's Transport Assessment (TA) (ref:RQ70071T006A) dated May 2016. It is unclear as to why this TA document does not form part of this planning application. There appears to be no information provided relating to Transport issues such as on-street parking, trip generation, mitigation measures, drop-up/pick-up facility etc.

Further information is therefore required for the Highway Authority to assess the highway implications as a result of the proposed development. Accordingly, we will be in a position to formalize our comments.
