Subject: Chancellor's school

Application reference 6/2018/2178/FULL

My name is Mrs Zoe Manzi, and I live at number 11 pine grove I completely object to the new development and increase in size of Chancellors school, as the traffic in pine grove in the mornings and afternoons, is already terrible and it's nearly impossible to get in and out of the road.

I have heard so many heated arguments, and shouting as drivers just get gridlocked, and no one can get up or down Pine grove, especially when there are cars parked either side. The road cannot possibly take any more traffic. It becomes very dangerous as pupils weave in and out of cars as they are being dropped off, and there will be an increased chance of a very bad accident with further cars trying to enter the road.

Regards

Zoe Manzi
