Comments	<input type="text" value="I object to this proposal. This is not in the local plan, and it is working against the the idea that Hatfield and St Albans remain separate entities, instead of becoming one conurbation. The local roads, particularly at the north end already cannot cope with traffic at peak times, and this will only serve to add more problems and pollution. It is also on green belt space that is accessed by many local people. We cannot allow for the greenbelt space to be taken piece by piece."/>
