Comments	<input type="text" value="I absolutely do not agree with this planning application. This land needs to be left alone. There are many reasons for me to object, I could mention the the drainage system or the lack of infrastructure within the area to support more homes. However I am going to speak more from an ecological point of view. Hatfield has very few green open spaces for the residents to enjoy. This area is of great importance for the mental and physical benefit of the community. Dog walkers, Park Run, cycling, children playing. It seems whenever there is a green space in Hatfield or a cluster of trees anywhere, it gets built on. Just Stop!! Leave our community some green and open spaces to walk on. I completely object."/>
