Comments	<input type="text" value="There are very few open spaces left in this area for residence to access within walking distance. This area was given to us when there was a large development some years ago and the Council should be protecting it for our use. I use this space on a daily basis and it offers me and my family a greatly appreciated balance off work / life balance for wellbeing. I'm disappointed that once again another developer has tried to steal it away from us."/>
