Comments	<input type="text" value="I object to any further development on the Ellenbrook Country Park based on: 1: The loss of the vast majority of the open space for residents as promised in the 1999 planning permission; the country park is a vital part of the community, supporting the health and well-being of the residents of Hatfield. 2: The excessive concentration of housing development in the Hatfield Garden Villages area. 3: The impact caused by the increase in housing and the cumulative effect of all the many developments in the local area on the traffic congestion which is already a significant issue in this area. 4: The increase in noise and air pollution which is detrimental to the health and well being of local residents and frequenters of the area. 5: The potential risk to our drinking water caused by development on a site where bromate is present. 6: The renegeing on the Section 106 agreement as part of the planning permission for the creation of the Country Park for local residents."/>
