Address	<input type="text" value="337 St Albans Road West Hatfield AL10 9RN"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="Neighbour"/>
Comments	<input type="text" value="the loss of the vast majority of the open space for residents as promised in the 1999 planning permission; the country park is a vital part of the community, supporting the health and well-being of the residents of Hatfield. This is presently a well utilised space frequented by joggers, dog walkers and families alike! • the excessive concentration of housing development in the Hatfield Garden Villages area and the further destruction of natural habitats for our local wildlife and erosion of public access green spaces. • the impact caused by the increase in housing and the cumulative effect of all the many developments in the local area on the traffic congestion which is already a significant issue in this area • the increase in noise and air pollution which is detrimental to the health and well-being of local residents, local wildlife and frequenters of the area • the potential risk to our drinking water caused by development on a site where bromate is present"/>
