

Comment for planning application 6/2018/2768/OUTLINE

Application Number	<input type="text" value="6/2018/2768/OUTLINE"/>
Location	<input type="text" value="Hatfield Business Park Hatfield AL10 9SL"/>
Proposal	<input type="text" value="Outline application for a large-scale mixed use development including 1,100 new homes and supporting infrastructure including a primary school, local centre and open space with all matters reserved"/>
Case Officer	<input type="text" value="Mr Gerry Ansell"/>
Organisation Name	<input type="text" value="catherine Edwards"/>
Address	<input type="text" value="23 Selwyn Avenue Hatfield AL10 9NR"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="Neighbour"/>
Comments	<input type="text" value="This is precious green space that was set aside for the health and well being of the people in Welwyn Hatfield. It has already been eaten away with the building of the University, a huge number of houses, large businesses and planned gravel extraction. If this housing development goes ahead, that would potentially leave around 10% of the promised park that would be available for local people. The A1057 is already very congested and prone to flooding. The proposed gravel lorries and increased traffic from the housing developments planned in the existing local plan, the expansion of student accommodation at the Comet hotel and now Hatfield Green will have a disastrous affect on this crucial road and increase noise and air pollution. Many of the houses in Ellenbrook are already prone to flooding. The development of Hatfield Green and the proposed quarry will reduce significantly the permeable area available and increase the chances of flooding."/>
