<b>Comments</b>	<p>* the loss of the vast majority of the open space for residents as promised in the 1999 planning permission; the country park is a vital part of the community, supporting the health and well-being of the residents of Hatfield. * the excessive concentration of housing development in the Hatfield Garden Villages area * the impact caused by the increase in housing and the cumulative effect of all the many developments in the local area on the traffic congestion which is already a significant issue in this area * the increase in noise and air pollution which is detrimental to the health and wellbeing of local residents and frequenters of the area * the potential risk to our drinking water caused by development on a site where bromate is present * the renegeing on the Section 106 agreement as part of the planning permission for the creation of the Country Park for local residents</p>
