Comments	<p>The country park on the green belt section of the Hatfield Aerodrome was promised to residents in 1999 as the rest of the aerodrome site has been developed. This was protected by a section 106 agreement which it appears is being reneged upon. The Ellenbrook Country park is an important amenity for local residents, for walking, running, cycling and dog walking. It hosts a very well attended Park Run (200+ runners) every Saturday morning. It is also rich in wildlife, birds, deer, newts etc. The purpose of Green Belt is to provide a green buffer between Hatfield and St Albans, which is relatively narrow and this proposal will further erode, damaging the character of the area. The additional houses will put additional traffic on already busy roads adding to further congestion and pollution.</p>
