Comments	This area cannot sustain another development on top of those already proposed and in the local plan. This with the proposed quarry will remove too much of our green belt and eliminate 90% of our promised country park. The traffic in this area is already heavily congested and this could put another 1100 to 2200 vehicles into the road system. I appreciate we need more housing but not all in one location, this if approved would extend Stanborough via the proposed Stanboroughbury proposal right up to Hatfield Garden Village and Ellenbrook. The housing needs to be spread out over the whole of the district not just here.
