Comments	<p>2nd submission.!! This proposal seems to be lacking in consideration of schools, traffic and hospitals. I know a primary school is being planned but not all children are 11 or under. What happens when these children need a secondary place. Have we enough senior schools?? I realise that buses are being rerouted to Hatfield Green, but most people will use their own transport which adds to air pollution and gridlocks on all the major roads in Welwyn/Hatfield. With 1100 extra houses in this area has any one considered hospital access. Since the QE2 has been closed it is still a worry that anyone from this area would be dead before they reached Lister hospital in an emergency. Not only are we going to lose our promised country park, we will also lose all trust in our elected councillors if this plan is approved.</p>
