Comments	<p>I object to this application because it would result in ; - a loss of the vast majority of the open space as promised in the 1999 planning permission, this is a vital part of the community, supporting the health and well-being of the residents of Hatfield - it would create more traffic and pollution - there would be more noise pollution from the traffic and works, where they are already numerous projects taking place - I don't see the need for more accommodation in such an already built up area. There is plenty of student accommodation on campus and with the new build on comet hotel - this has surely freed up residential accommodation. - it goes against maintaining of the green belt in Hertfordshire - it disturbs our wildlife, which is already struggling - and it disrupts the preserving of our history in Hatfield, and Hertfordshire</p>
