Comments	I would like to object to the above planning application. I have lived in the area for more than 10 years, we as a family use the open park land at Ellenbrook on a daily basis. We walk our dogs in this park twice daily, it is the only open space where you can walk dogs safely off lead, not possible on the nearby Hatfield/St Albans walking cycle lane because of cycle traffic. We are part of an active dog walking group were we meet other local people, it would be a great loss if this area was not available to us. This area is full of wildlife, birds and farm animals from the university, my grandchildren love looking at these animals and I feel it is important that children grow to apricate wildlife and the environment
