Comments	<input type="text" value="I wish to join my fellow residents in objecting against this proposed development. Losing this valuable green space would be detrimental to the community and will force locals to travel beyond Hatfield in search of other green spaces - placing increased burden on other communities. If COVID has shown us anything it is the value of our community green spaces, for many Ellenbrook Fields has been a haven from solitude and monotony, and for many travelling further afield for the simple pleasure of enjoying nature is simply not possible."/>
