Comments	<input type="text" value="Ellenbrook Fields is a very popular local amenity area for so many people in Hatfield and surrounding areas. It is also an extremely diverse amenity, providing a location for walkers, cyclists, runners, birdwatchers, families, dog walkers and many more. There is a weekly park run attended by hundreds of runners and regular orienteering events. It is also a natural habitat for countless wildlife including deer, badgers, rare newts, rare birds, voles, rabbits etc. It would be nothing short of devastating for the Hatfield community if this area is built on. Please also bear in mind that the community were previously promised this land as a recreation area. We sincerely hope that the powers that be have the honour and integrity to stand by these promises."/>
