Comments	<input type="text" value="I object to the proposal on 3 main grounds: a) Loss of public amenity space along with the failure to provide, Ellenbrook Country Park, b) traffic and c) volume of housing. The Ellenbrook fields are enjoyed by the majority of the local population which will include residents, dog-walkers, joggers, students. The roads cannot sustain the volume of traffic. Hatfield Road, Comet Way, Hatfield Avenue, the roads in and out of the business park are already choked during the rush hour. The significant loss of the open green belt land will erode quality of life for all. I appreciate the country needs new homes. I would be prepared to accept up to 250 homes but nowhere near the number proposed. The housing shortage would be better supported through the creation of a new garden city off the A1."/>
