Comments	<input type="text" value="The country park is a vital local green space that is used extensively by nearby residents, including myself and family. It is one of the only areas my children can safely cycle and play and without it the recent Covid related lockdowns would have been unbearable. To have large portions of the this crucial green space lost for more houses would be a huge loss to the local area. In addition the pressure a further housing estate would put on the already busy roads and infrastructure would damage the quality of life for local residents. I strongly object to this proposal."/>
