Comments	<input type="text" value="Loss of public amenity space along with the failure to provide, Ellenbrook Country Park, as promised in 2000. This has become even more important as Covid restrictions only allow local exercise. Can we be sure there will not be further Covid type infections (I think not) requiring lockdown with local only exercise enforced. Although the Gravel Extraction scheme was refused by the council, (hurrah) there may well be an appeal. If that happens and it were successful, this area would consist of housing and a Gravel extraction area. We would have NO local Country Park at all. In my view the council should be using the 106 money to fulfil a promise to create a Country Park and I strongly oppose the application."/>
