Comments	<input type="text" value="I object totally to the application as a local resident. During lockdown Ellenbrook Fields has been instrumental to our mental and physical well being as it was before. We walk often daily. Other reasons: Noise pollution Air pollution General pollution Demand on local services/schools already overstretched Increase in road traffic (it already takes me 20-30 mins to travel less than a mile from Selwyn Drive to Notcutts some mornings due to high levels of traffic. Negative impact on wildlife habitats Future generations deserve beautiful countryside to walk and exercise in, this is not being taken into consideration clearly"/>
