<b>Comments</b>	<input type="text" value="I would like to object to this planning proposal on several grounds. 1) it will result in a great loss of green space and trees which are home to deer, various small birds, bats and owls. We regularly see deer and a barn owl in our garden and have bats roosting at Astwick Manor. 2) The roads such as Coopers Green Lane are too small to support extra traffic. 3) The noise from the development would infringe on the environment substantially and noise from development would make life at the Manor unbearable. As a listed property we have single glazing and are more sensitive to noise. 4) The land is used by local people for vital outside time - the space is used for walking, cycling, dog walkers and families enjoying nature. The loss of access to this green space would be terrible."/>
