---

Dear Sarah,

I can confirm that I have received an updated Written Scheme of Investigation directly from the applicant's agent that meets my comments of 24 January 2019.

I can therefore advise partial discharge of condition 3 (the pre commencement parts only). I will only be able to recommend full discharge of the condition when it is clear that no further archaeological works are required, satisfactory reports have been received on the works, and provision has been made for publication and dissemination if appropriate.

If you have any queries please let me know.

Regards,

**Dr Simon Wood FSA Scot**

Dear Simon

Thank you for copying us in to your comments on the *written scheme of investigation* for this site.

We have updated the document with the addition of a further trench in the middle of the site to address your concerns. We have copied in the planning department at WHBC and our client's architect, who can resubmit the document formally to WHBC, if required.

Please let me know if you have any queries.

Kind regards,  
David
