---

To whome it may concern

I live at 11 Pine grove and I am totally against any development to enlarge chancellor's school. The traffic in pine grove every morning and afternoon is already at breaking point with the whole road in gridlock and pupils running in between vehicles. It is so dangerous, and simple cannot take anymore traffic. The busses get stuck, nobody can pull out of their drives, it is total chaos anyway without added traffic. Please contact me on  
for any more information

Regards
