<b>Comments</b>	<input type="text" value="Looking through the documentation I can see that the proposal is to provide an additional 33 parking spaces on the current hard court, this will not be available until at least September 2020. There will have been at least one additional intake of 30 pupils, I appreciate that a drop off point will be created to provide 7 spaces but it isn't clear when this will be made available. Currently there is parking congestion at drop off and pick up times and I fell this will be exacerbated if the school number were to increase. The Council receive reports of parents parking/waiting on yellow lines during the days and times they operate and this can cause obstruction. The Parking Enforcement team are not able to be at all schools at all times. As the children get older and inevitably the get a car, what measures will be put in place to prevent as so is practicable the children bringing them to school? I also note that discussions are taking place to look at traffic calming measure in Pine Grove and the school access road and I would be interested to know what the outcome of those discussions are."/>
