To whom this may concern,

Please accept this email as a **firm OBJECTION** to the proposed request for planning permission referenced: **6/2019/0085/MAJ** .As the website to comment is currently not running.

As a resident living on pine grove I have major concerns regarding the expansion of the school and the building.

As it stands the road accidents occurring on pine grove and the surrounding area are already too frequent for any expansion to be safe and or warranted, not to mention the already unnerving amount of accidents I have witnessed first hand.

Parking space is already sparse on the road and parents and older pupils find no trouble in parking illegally in front and on driveways as convenient when the road becomes impossible to drive up and down. Inevitable considering the over signing of students at the school with a large majority of the students coming in from other areas with better suited schools for example mount grace, Hatfield girls and Dame Alice Owens.

Please regard this email as a strong objection,
